Sailing

This is what previous competitors said about sailing at Largs:

Steve Goacher has found the sailing exhilarating and said "it's been the breeziest championship for a long time, the courses and race management was excellent." His crew Phil Evans "welcomed the wonderful beach crew support." And Justin Waples, said "The SSI and Largs SC has laid on a most enjoyable event, which allowed us to enjoy the sailing. SSI have been very professional since we first made contact to the very end of the event."

The club is equipped to allow all fifteens to have the options to dry sail, those wishing to have a berth in the marina shall need to pre booked separately with the club.
The Notice of Race will be published shortly.
